Letters to the Editor

**Dear Mr. Puchalski:**

I picked up a copy of the Am-Pol Eagle, and your article regarding Sister Regina Murphy and the "Journey in Faith and Grace" was right on the money! I, as well as the parish family at St. Adalbert's Basilica, applaud the information you brought to light. I feel that your article holds the sentiments of so many Catholics in the Diocese of Buffalo.

I, as well as many of my fellow parishioners at St. Adalbert's, have written both Bishop Kmiec and Sister Regina Murphy about our basilica, and have received no responses.

If you recall, the bishop was *supposed* to contact the Vatican regarding our basilica status, and it looks like he put it on the back burner, or just forgot about us. So how can anyone have any faith whatsoever in this process, when issues should be addressed and they are not. It's as if the bishop's mind has already been made.

Thank you again!
